

Built-In Vacuums
Since 1989

**Powerful
Thoro-Vac
Central Vacuums
for a Cleaner
Healthier Home**

Made in
Canada 

Why choose it?

Efficient*

Durable and efficient motor with conical base to maximize air volume.

Quiet

Acoustic foam and rubber components soundproof the unit.

Powerful

The suction strength is maximal and constant, no matter the type of filtration chosen.

Non-Allergenic*

Filters provided with a HEPA membrane treatment that prevents growth and proliferation of mold and bacteria which can cause allergies and some respiratory disorders.

Carbon dust filter*¹

Captures the fine black carbon dust produced by the unit's motor(s).

Pet Friendly For you pet lovers!

The Thoro-Vac Pet Friendly Series have either a self-cleaning filter, or a disposable bag option, or both; thus protecting the motor 100% from pet hair build up inside the motor fans to prevent premature motor failure.

Sturdy

Premium quality steel protected by thermohardening paint.

* Select models only
1 Patented

Three types of filtration to meet your needs

Powerful

Constant power despite the volume of dust and debris inside the bag.

Hygienic

Nothing to handle; simply remove the bag and discard it! This series is recommended for people with dust allergies.

Electrostatic filter bag

V10

Hybrid Filtration

V18, V25, G35, G70,
G500DS, GTP240L

Convenient

Your vacuum unit can be used with or without a bag, at any time! The choice is yours!

Efficient

Used with a bag: vacuumed debris is trapped inside the bag.

Used without a bag: filtration is ensured by a self-cleaning filter that captures microscopic particles which are filtered down to 0.3 microns.

Powerful

With or without a bag, you get constant maximum power in spite of the volume of dust vacuumed.

Efficient

The cone-shaped structure creates a cyclonic action that separates dust from air and keeps it at the bottom of the canister.

Convenient

The very easy-to-clean canister requires very little maintenance.

Eco-friendly and Economic

No additional accessories are required (no bag, no filter)!

Pure Cyclonic Action

HD800c
Cyclonic
HD Collector

More Power

Thoro-Vac's power units feature the powerful AIR WATT SERIES motors. The use of a tapered rotating fan and high tech motor design accelerates air more efficiently, which increases air flow, meaning more cleaning power.

Hepa Filtration

- The permanent self-cleaning filter OR the electrostatic filter bag (conversion fitting included) allow for constant cleaning power, no matter the volume of dust inside.
- HEPA membrane filters made with fluoropolymer offer the greatest allergy protection available, as dust particles are filtered out conveniently and do not stick to the membrane. The non-stick membrane minimizes clogging and increases filter efficiency at 0.3 microns.

A human hair = 75 microns | A dust mite = 10 microns

Very compact and silent, this model is **ideal for condos**

Amongst the most **silent central vacuums** on the market

At their best in **residential homes**

Carbon Dust Filter¹

Available on some Thoro-Vac models, our exclusive and innovative carbon dust filtration system. This captures the fine black dust produced by the motor which is normally deposited on walls and surfaces surrounding your central vacuum unit. This carbon dust filter is a first in the central vacuum industry.

¹ Patent pending

Ultra Quiet

With our anti-vibration molded gasket and our unique soundproofing concept, our units are astonishingly quiet as sound emissions start at only 55 decibels. As the unit is located away from the living area, your environment is quieter. You will barely even notice when the unit is functioning.

Full cyclonic – no filter equals **maximum performance**

Central vacuums are very different from portable vacuums.

They require the installation of a PVC piping system, generally inside the walls. This pipe network can easily be upgraded to store the Retraflex[®] retractable hose.

Benefits of Central Vac:

- Central vacuums do not release dust and odors into the surroundings.
- The durability and lifespan of a central vacuum is much greater than that of a canister vacuum.
- Installing a central vacuum in your home is an added value to your property should you choose to sell your home.
- Long hose to conveniently clean stairs, top of cabinets, in between furniture.
- Quieter operation and more suction.
- Conveniences of Dustpans, Wallyflex's, and Retractable hoses.

Quality Built Since 1989

Thoro-Vac Maintains its quality with motors rated for 800 plus hours or in translation 15-32 years of Quality, Longevity, and Performance.

Healthy home

With all Thoro-Vac systems, dust and odors can be vented outside and not re-circulated to settle back on upholstery, drapes, or just-vacuumed carpets. 100% of vacuumed dirt dust, and allergens are eliminated when venting to the outside*, creating a HEALTHIER HOME.

* A garage installation provides the same benefits.

Central Vacuum cleaning Accessory Packages

K3005 Standard Car Care Kit

With 30' 1 1/4" light weight crush-proof hose.

K3010 Deluxe Car Care Kit

With 30' 1 3/8" commercial quality crush-proof hose and metal curved handle.

K5005

50' Deluxe garage kit with accessories.

K3012

30' 1 3/8" commercial quality crush-proof hose, 3-piece deluxe tool set, 10" combo tool, telescopic wand, hose hanger, and tool bag.

*Hose lengths: 30', 40', 50', and 60'.

K3014

30' 1 3/8" crush-proof low volt hose with on/off switch, 3-piece deluxe tool set, telescopic wand, 12" floor brush, hose hanger, and tool bag.

*Hose lengths: 30', 35', 40', and 50'.

K3018

30' 1 3/8" crush-proof low volt hose, on/off switch, Turbo Cat powerhead, 3-piece deluxe tool set, telescopic wand, 12" floor brush, hose hanger, and tool bag.

*Hose lengths: 30', 35', 40', and 50'.

K30-PN33

30' 1 3/8" crush-proof Eco hose, 3-way switch, electric powerhead with flat belt, height adjustment, dirt sensor, quick release and head light, telescopic wands, 3-piece tool set, 12" floor brush, hose hanger, and tool caddy.

*Hose length: 30', 35', 40' and 50'

K30-BC6115

30' 1 3/8" crush-proof Eco hose, 3-way switch, deluxe electric powerhead with, height adjustment, LED head light, telescopic wands, deluxe 3-piece tool set, 12" floor brush, hose hanger, and tool caddy.

*Hose lengths: 30', 35', 40' and 50'.

*For super valves order as (DC).

K30-360WW-TV

30' 1 3/8" crush-proof TV hose, 3-way switch, deluxe electric powerhead with LED head light, height adjustment, geared belt, quick wand release, swivel neck, integrated wand, telescopic wand, deluxe 3-piece tool set, 12" floor brush, hose hanger, and tool bag.

*Hose lengths: 30', 35', 40' and 50'

*For super valves order as (DC)

K3080-TV (ET-1) 12"

30' 1 3/8" crush-proof TV hose, 3-way switch, commercial grade Sebo powerhead with geared belt, height adjustment, easy-out roller, swivel neck, integrated wand, telescopic wand, 3-piece deluxe tool set, 12" floor brush, hose hanger, and tool bag.

*Hose lengths: 30', 35', 40' and 50'

*For super valves order as (DC)

*See colors below.

K3085-TV (ET-2) 15"

30' 1 3/8" crush-proof TV hose, 3-way switch, commercial grade Sebo powerhead with geared belt, height adjustment, easy-out roller, swivel neck, integrated wand, telescopic wand, 3-piece deluxe tool set, 15" floor brush, hose hanger, and tool bag.

*Hose lengths: 30', 35', 40' and 50'

*For super valves order as (DC)

*See colors below.
